MILAN, Italy – From 13 to 17 October 2023, Rancilio Group will be waiting for you at the much-anticipated 43rd edition of HostMilano 2023. This mandatory biennial event for international food service and hospitality opens its doors once again to coffee roasters, importers, producers, and operators from around the world.

Rancilio Group at the 43rd edition of HostMilano 2023

At the Rancilio Group stand, visitors, can enjoy an immersive experience to discover company initiatives and projects in research, technology, innovation, and sustainability.

Rancilio Specialty encourages roasters to enhance the aromatic features of their specialty coffees in the dedicated area, testing the revolutionary Advance Temperature Profiling technology of the RS1, the professional coffee machine certified by the SCA and IEI Premium.

Rancilio Grindtec also has news to share, expanding its range of professional dosing grinders with the introduction of Bond — specifically designed to meet the needs of large chains — and Kryo Elite 65 OD, the new version equipped with the smart grinding system (SAS).

The spotlight in the super-automatic machine corner will be aimed at the new **Egro MoDe**. With a compact form and designed for all establishments in the food-service sector with average consumption, Egro MoDe is the ideal super-automatic coffee machine for those who want a quality café menu with coffee drinks, fresh milk and instant products.

And for any break during the fair, the café at the stand is always open, ready to offer a unique sensory experience with an authentic espresso or creamy cappuccino, and special tasting menus with prized, single-origin coffees from every corner of the world.

As a main sponsor, Rancilio Group supports numerous competitions for baristas planned at Host — Trismoka 'Milano Latte Art Challenge', 'Italian Latte Art Grading Battle Championship' — and the IEI 'Espresso Italiano Champion'.
